DETAILED ACTION

In view of applicant's amendment received September 19, 2005, corrections to the drawings and specification have been approved. Applicant's Remarks have been carefully considered but are not deemed persuasive to overcome the rejections of the previous office action. Therefore, the rejection of pending claims 1 – 5 has been reiterated in this final office action.

Response to Arguments

Regarding amended claim 1, applicant states the claim has been amended to positively recite the invention as "a poster support and lift tool" arrangement for providing hanging support to a poster from a ceiling rail. The applicant has elected the original claims 1 – 5 without traverse, and therefore claims 6 – 20 stand withdrawn from consideration. Specifically, withdrawn claims 6 – 9 disclosed the lift tool, which has been amended into claim 1. Matter from a withdrawn claim cannot be amended into an elected claim.

Claim Rejections - 35 USC § 102

Claims 1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Barry (US 5,251,766).

In regard claim 1, Barry teaches a holder for sheet material comprising an elongated extrusion 10 having an uppermost wall U (see attachment of figure 1), a sidewall 12, said sidewall extending from said uppermost wall; a central support wall 11 arranged adjacent said sidewall to define a longitudinal chamber between said sidewall

and said central support wall, wherein said longitudinal chamber has a slot S on a lower side thereof.

In regard claim 2, Barry teaches the claimed invention as stated wherein said sidewall 12 has a distal edge flange 13.

In regard claims 3-5, Barry teaches the claimed invention as stated except for the structures of a lift tool. However, as stated above the lift tool structural limitations are not being considered and not given any patentable weight (see above restrictions).

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
